HOLY BIBLE PART II BOOK NO. 61

# THE WORLD COUNCIL OF CHURCHES

And the union of all Religions

1 Genesis. 1:26 "and God said, Let us make man in our image after our likeness". John 4:24 2. The origin of the world council of churches starts, from there. 3. Man was created by word of God Logos. St. John Gospel 1:1 "In the beginning was the Word, and the word was with God and the word was God" 4 Church is the body of Christ. col. 1:18 "and he is the head of the body, the church" 5 Therefore the history of the Church is the history of Christ himself John 17:7. 6. Book of Revelation 1:20 "The seven stars are the angels of the seven churches; and the seven candle sticks

which thou sawest are the seven churches." 7 All these explain that there can be many churches and all of them together is the body of Christ God. John 17:11, 14. 8. Hence World council of churches or W. C. C. is the body of Jesus Christ our Lord and God. 9 The history, faith, and revelation of all christian churches of the world is that of Jesus Christ our God Almighty. John 15:26

2 Revelation 21:1. The new Earth and the new Heaven. 2 Revelation 21:10. The new Jerusalem, Revelation 21:23 Jesus the light and all other script-

ures are fulfilled in the Holy Bible Part II. John 15:15. 3 world Council of Churches Roman Catholic Church and all other religions are to be merged into one nation, one God and one Law in one body that is named USTARWES 4 Which Means we are that we are as God himself calls in Genesis 1:26 5. The church is the body of Jesus Christ, who is the son of God. One of the Holy Trinity and equal with Almighty and cannot be separated from Him John 14:16.6. Therefore the Universal church that is all christian churches put together is the body of God. John 14 20 God is Logos as St. John the Apostle describes in his Gospel 1:1. 7 Every true christian is a Christ incarnated Gal 2: 20 or ressurected Col 2:12, Eph 2: 16 or another second coming of Jesus Christ. John 8:51. 8. The church history, faith and revelations thus becomes the history faith and revelation of Jesus Christ himself or God Almighty's, history, faiths and revelations. John 8:12. 9. A single church is only a part of the body of Christ, therefore all the christian, churches put together makes God Complete 10. Hence Holy Bible part II which contains all most all christian churches of the world, including all oriental, Orthodox, Protestant and Roman Catholic Churches history, faith and Revelations is the perfect second coming of Jesus Christ John. 6:35 as predicted in the New Testament. 11. The evolution of world council of churches is the for-runner preparing the way for the Holy Bible part II. 12. John 4:24; 6:35; 8:12; 14:16; 15:15; 17:7 etc etc proves the same and they are all for-telling the coming of Holy Bible Part II. 13 The whole Bible old

and newtestaments predicts the same. 14. Even the evolution of Bible from the first book of Genesis to Revelation proves beyond doubt that Holy Bible part II is natural and also supernatural. 15 All our Holy Fathers fulfilled as they could the previous scriptures thus Noah obeyed God and became a part of the Bible. 16 Abraham obeyed the scriptures known to him and got into the living book. 17 Moses done the same and on his turn got into the holy Bible 17 The same happened with others such as David, prophets Jesus, paul and all the Christian church leaders. 19 Therefore all churches with their history faith and revelations are equal with the books of the old and New Testaments and must be added to our Holy Bible. 20 Hence this Holy Bible Part II is published intended to be read and used in all christian churches of all nations as they do now with our present Holy Bible. 21. Revered obeyed and meditated on it as the living book capable of becoming made flesh and do mighty jobs for the believers 22. It should be read in the church obeyed by the faithful and kept holy as God Almighty is Holy. Joshua 1:19; 11 chronicle 20:15, II king 6:16, Psalm 118:12 Eph 6:12, Revelation 2:10-11 3 Church is universal and holy. 2 The word world council of churches is holy 3 Oikoumene, St Mathew 9:6, st Luke 1:33, Acts 2:36 Rom 16:5 is ecumenical or universal and is holy. 4 St. Paul was the Apostle to Gentiles 5. He travelled to Antioch, Asia Minor, Greece, Rome, Spain etc. 6 His epistles to different churches are the word of God-as equal to

Gospels and old testament books. 7. In the same manner all christian churches were built upon the blood and flesh of the martyres. 8. If we study their history we can see faithful christians shedding their blood and life to keep their individual faith and revelations from Jesus christ as God appeared to them.

9. The Great Roman persecutions scattered christians around the world. 10. This third exodus continued for many centuries. 11. Christians fled to far off places, to the four corners of the world to China, India, America, Africa, Europe, Russia and to hundreds of Islands around the world. 12. The hardships and persecutions slowly forced them to accept other faiths around them. 13. Thus a good majority of christians went to china and received Chinese religions and cultures. 14. In India

christians returned to Hinduism. Persian christians accepted Islam and remained in that religion till renaissance and industrial revolution gave new life and power to the christian churches to reconquer the lost lands for their Lord and God Jesus Christ.

15. Today the Logos, the Holy Bible part II, the full body of Jesus Christ, all Christian churches together shines and gives light to the world as sun, stars and moon give light. 16. This is the second coming of Jesus Christ because no single person with human nature cannot fulfil all scriptures unfulfilled in the Holy Bible within one's life. 17. If we analyse the life of Jesus Christ we can learn the truth that even for him, the begotten son, was not able to fulfil all unfulfilled scriptures which remain even now to be fulfilled.

18. The unseen God reveals to us through the holy Bible Part I & II. 19. Human beings are at their liberty to choose the goodness from the bad as a swan do with milk water. 20. With this Holy Bible Part II, faithful should take goodness only and to reject the evil. 21. As it is a living book capable of giving salvation after death and even capable of giving worldly comforts peace and prosperity during one's life time. 22. All are advised to own this marvellous book, read, meditate and obey it always as one do with food, water and air. 23. Otherwise they will lead a miserable life and a piteable death and this curse will follow their offsprings, descendants, childrens to many generations till they obey Him the second coming of Jesus Christ called Ustarwes, that is Holy Bible part I and II.

4. In A. D. 231 Persian christian church seperated from western church. 2. In A. D. 451 Oriental christian churches and in A. D. 1054 Greek Orthodox churches and in A. D. 1517 protestant churches seperated from Roman Catholic church. 3. This process of division and growth continued in every church in one form or another turning them into many hundred churches that we see today.

4. The first Ecumenical council of churches was held at Nicea in A. D. 325 to decide over the teachings of Arius and to decide the date of Easter Sunday. 5. In A. D. 381 second ecumenical Council was called at constantinople to remedy the teachings of Apollinarius and to accept the godliness of the Holy Ghost. 6. The third ecumenical council was conducted at Ephesus in A. D. 431 to reject

the teachings of Nestorius and to accept st. Mary as the mother of God Jesus. 7 Oriental churches such as Coptic church, Jacobite church, Syrian Orthodox church, Abyssinian church, Armenian church and St. Thomas Syrian Orthodox churches at Edessa and Malankara accept only these three councils as Ecumenical.

8 The fourth ecumenical council occurred at Chalcedon in A. D. 451 to reject the one nature theory of Uticus and to accept the two nature theory of Jesus Christ. 9 The fifth ecumenical council of churches met at Constantinople in A. D. 553 to discuss the writings of the theodore of Mopshooshi, Theodotat of Cyrus and Eabas of Edessa known as three chapter controversy. 10 The sixth council occurred at Constantinople during A. D. 680 to decide whe-

ther Jesus Christ's nature is Godly alone or both manly and Godly. 11. The seventh ecumenical council of churches taken place at Nicea during A. D. 787 to decide image worshipping. 12 Eastern Orthodox churches such as Greek orthodox church, The ecumenical Patriarchate of Constantinople, The Russian Orthodox church, The Georgian Orthodox church, The Greek Orthodox, Patriarchate of Antioch, The Patriarchate of Greek Jerusalem church, The Cyprus church, The Bulgarian church, The Yugoslavian church, The Rumanian church, The Czecho-slovakian church, The Orthodox churches of Albania, Poland, and Finland etc. accept only the first seven Ecumenical councils.

5 Fourteen more ecumenical councils are also considered widely as Ecum-

menical councils. 2 The eighth council met at Constantinople to decide Foscus controversy in A. D. 869-70. 3 The ninth council 1st Latteran (Rome) in A. D. 1123 discussed investiture controversy and Crusades 4- The Tenth council met at 11nd Latteran (Rome) in A. D. 1139 to decide the new teachings of Arnold of Brushiah. 5. The eleventh council met at 111rd Latteran, Rome in A. D. 1179 to decide the election of Pope. 6-The twelfth council met at 1Vth Latteran, Rome in A. D. 1215 to decide over the crusades, Greek and Latin Rites 7- The thirteenth council met at Leons 1st in 124 to decide over the Frederic 11nd Emperor's disobedience to the church. 8-11nd Leons the fourteenth council met in A. D. 1274 to decide the Crusades, the election of Pope, and the reunion

with eastern Othodox churches. 9-The fifteenth council met at Vienna in A. D. 1311 to decide over knight templars, and the age limits of Priests. 10-The sixteenth council met at Constance in A. D. 1414 to decide over the limits of the authority of different Popes and the excommunications of John Wycliff and John Huss. 11-The seventeenth council Basel-Pherara-Florence council in 1438-45 to decide the reunion with eastern christian churches, Holy Trinity, after death and the supreme authority of the Pope. 12-the eighteenth council Vth Latteran met in A. D. 1512 to 17 to decide the changes in the church. 13-The nineteenth council, Trent council met in A.D. 1545-63 to decide the protestant churches controversy and idol worship. 14-The twentieth council, 1st Vatican met in A. D.

1869-70 to decide the infallibility of Pope. 15 The twenty first council II<sup>nd</sup> Vatican council met in A. D. 1962-65 to decide the renovations in the church.

6 Mathew 23:19. "Go ye therefore and teach all nations, baptizing them in the name of the Father, and of the son and of the Holy Ghost; teaching them to observe all things whatsoever I have commanded you; and so I am with you always even unto the end of the world Amen." Gave courage and confidence to christians to dare Devil, to challenge any worldly powers to convert them to christianity 2-Thus a number of Missionary societies were founded and started working vigorously 3-Among them the important ones are Society for promoting christian knowledge in 1698; Society

for propagation of the Gospel in 1701. Danish Mission in 1705, Baptist Missionary Society in 1792, London Missionary Society in 1795, church Bible Society in 1804, American Board of commissioners for foreign mission in 1810 Wesleyan Mission of Society in 1813, American Baptist Missionary Union 1814; Basel Evangelical Missionary union in 1815; Danish Missionary Society in 1821; Paris Missionary Society in 1824; Berlin Missionary Society in 1824; church of Scotland Mission on Board 1825; Young Mens Christian Association in 1844; China Inland Mission in 1865; Young Women Christian Association in 1872; Church of England Sena Mission 1880 etc were very active, to convert non-Christians to christianity and to work among christians themselves to keep them refreshed in their faith.

4- In 1854 an international christian meeting was held at New York in which 155 persons took part. 5-In the same year another international meeting took place at London starting a world wide enthusiasm for universal organizations such as student Christian Movement, student volunteers Movement in 1866, World Christian Endeavors union in 1895. 6- In 1900 at New York ecumenical Missionary council met with 168 missionary councils from 48 different countries 7-In 1907 world sunday school Association was founded-8 The third Ecumenical missionary council met at Edinburgh in 1910.

## 7 INTERNATIONAL MISSIONARY COUNCIL (IMC) Edinburgh-1910

In 1908 at Oxford an international Missionary Committee met and selec-

ted Mr. John Raleigh Mott a layman from Methodist church of U. S. A. as president and Mr. Joseph Houldsworth Oldham a British Anglican layman as its secretary of its interim Committee. 2. Oldham is considered as the soul of the International Missionary Council and he became the architect of many important ecumenical gatherings especially the second world conference on church and state held at Oxford in 1937. 3-In 1908 at Oxford meeting they discussed eight subjects. 4-They were (a) Missionary work in non-christian nations (b) church at mission fields (c) The part of education in christianising national life (d) The training of Missionaries in non christian countries. (e) The preparation of Missionaries. (f) The home base of Missions, and missionary work at their native places (g) The relation between

missionary Councils with Governments (h) co operation and union in the progress. 5-Under present day world development how churches can fulfil the word of Jesus. 6-To give gospel to every man of this world 7-This meetings helped missionary organisations to come together and to discuss their problems to find out suitable solutions and combine their resources more effectively to get results. 8. The main motto of this meeting was to establish an undivided Missionary Organization in non-christian nations. 9-Young churches namely christian churches from Asia, Africa and Latin America were not represented in that meeting 10-Oxford meeting constituted a continuation committee to follow up the decisions taken at its meeting. 11-The principal duties of the committee were as follows. 12 (a) To unite

Missionary activities, to plan future works-to co-operate with all Concerned to evangelise the whole world. (b) To Collect all datas, summarise them and to inform the meeting properly. (c) To fix the date of the next meeting and to prepare for it in advance. (d) To do arrangements to keep contact with representatives of opposing factions and other world Missionary councils. (e) To render services to Missionary Boards to execute their decisions regarding practical co-operation and close discussions. (f) To help missionary boards and councils in their effort to form an international Missionary Council (g) To take actions to execute the decisions taken on the commission Reports and to select particular Committees etc. 13-They also started a quarterly International Review of Missions in 1912. 14-In 1920

at Crans, Switzerland another council met to confirm the International Missionary council. 15 In 1921 at LAKE MOHONK near New York another council met to declare officially the founding of I. M. C. 16-In this meeting many Missionary Councils as well as many national Christian Churches took part for the first time in history 7-I. M. C. decided to meet every two years.

#### JERUSALEM 1923

8-In 1926 at Rattuwick, Switzerland International Missionary Council met to decide to conduct the first I. M. C. meeting at Jerusalem. 2- Seven topics were selected to be discussed there (a) Christian life and mission in connection with non Christian theories (b) Religious education (c) Relation between younger and older churches. (d) Christian mission in the light of racial conflicts.

(e) Christianity and Industrial set up in Asia and Africa. (f) Christian Mission in connection with rural problems. (g) The future of I. M. C. Co-operation.

3 The meeting considered materialism as the common enemy of all religions. 4-Science, inventions, trade etc. are not enemies in themselves but those materialist who Control them is the true enemies of Christianity.

5-By Christian education what is meant is shown below (a) To help the growth of individuality in man. (b) It should be student oriented (c) To participate in work and to share experience with others (d) It should be based on fellowship and related to the daily experience of the teachers and students. (e) The training given to youths in worship should be expressed in their religious life (f) The

students should be taught to be lead into the truths revealed in Jesus Christ through the Holy Bible (g) Christian education should lead students to the knowledge of the relation with God and the dedication in oneself and the discipleship to Jesus (h) To give freedom to teachers to think and select suitable subjects as in other educational systems.

6-Twenty six National Organizations sent their representatives to Jerusalem council. 7 Independent church was defined as that church (a) which protects its heritage in all time and in all lands, at the same time its interpretation of Jesus and expression in worship, service, tradition, Arts, architecture etc. should agree with the life of the followers. (b) Men and Women should use all their abilities for the service of the church and their whole

life should be controlled by the spirit of Jesus. (c) The church should identify with the land, its people, culture, habits, problems etc where it lives and works (d) It should be aware of the times calling and to be able to give their own contributions to its societies needs with courage and mercy (e) Missionary should be able to enlighten it with fore sight and interest. 8- I M C formed a Department of social, economic, Research and counsel under 'Message to the world'. 9. I M C also put forward nine important points (a) Our mission in Jesus Christ (b) Revelation of God in Jesus Christ enlarges the depth of our consciousness of sin. (c) The only answer to the great needs of the world is Gospel (d) We believe Jesus came as a promise of Life to Man society and nation (e) When we are hopelessly

despised we find in Jesus, in his cross and in his resurrection endless reserve of power and hope (f) We believe in a world one with Jesus and we did not know any thing better than that and we are not satisfied with anything less than that (g) We believe that man is created for Christ and that none can live without Him. (h) As our inspiration is Christ. The end of christian mission is to be one with Christ (i) Christ is our inspiration and end we cannot give less than that, we did not have power to give more than that.

10-I M C appealed to all non christians of the world saying all good things found in them is welcome, as they also is the work of Jesus Christ as God can't be excluded from anything and all things are the work of Christ and His agents.

11-And they called on all to co-operate with them to oppose all materialists, atheists and powers of the world -12- The council appealed to all scientists and artists to use their talents for the good of man and to build a sound economic society in the midst of Industrial and political chaos. 13-IM C instituted a committee on the christian approach to the Jews. 14-It also ascertained that christian world Mission is applicable to all four corners of the world not excluding any nation or religion.

THAMPARAM-1938

9 Ad interim committee of I M C met at Salisbury in 1934 to decide the place of next I M C meeting. 2-First it was fixed at Massachusetts, which did not take place, then at Hangchow, China, it also did not materialise, then in 1937 another ad Interim

committee met at New-York and decided Thamp-aram, Madras as the meeting place. 3 In this meeting 471 delegates from 69 countries took part. 4 This meeting gave importance to the subject "church and christian society". 5 The five important points discussed in the council were given below. A-Faith (a) The basic faith for the church life (b) The nature and responsibility of the church B- Witness (a) The incomplete gospel duty (b) The relation of christian witness to non christian religions and cultures (c) The Special place of the church in evangelization (d) The questions related to evangelizations C The life and work of the church (a) Worship-The christian home and the christian training of youths and elders. (b) The christian service, training to priest and laymen (c) The part of the educational, medical social institutions, in the overall life of the church (d) The position, duty and training of Missionaries (e) The christian publications. D-The Circumstances of the church- (a) The economic basis of the church (b) The relation of the church to the social and economical state of the country (c) The relation of the church to International affairs. (d) The relationship between the Church and Government (e) Co-operation and union. E-The church is called to give life and to live amidst an unprincipled and overturned world. 6-The needs, ignorance, wrong faiths and fear have swallowed men to the state of an atheist. 7-The church is called to oppose war, conflicts, differences of people, poverty, racial discrimination exploitation and injustice. 8-Therefore the

greatest need of the world is the true and life giving gospel. 9-Other religions under the influence of christianity and gospel are doing mighty jobs. 10-Non christian religions still remain in their gentle faiths. 11- Therefore the church have to witness Jesus to those gentiles, to love them, to give one's life to earn them to christianity 12-The I M C recognised the great achievements of other religions in social works, theology, truth, justice and love 13- But that is not enough 14-The complete salvation one can achieve is only through Jesus Christ. 15-All christians should know in depth the details of other religions their cultures and traditions in its true sense. 16-This will benefit the Universal christian church. 17-The church should encourage christians and non-christians to participate together in social and political organisations. 18-The churches should do new experiments to further the competence of christianity with others-19- If I M C is not Competitive to out do other religions in all respect it becomes meaningless in itself. 20-William Earnest Hocking in his report on laymens Foreign Mission inquiry argued for the displacement of old religions with a new faith or all religions should join together to form a new religion or a new religion should be made out of the salient features in all religions 21 The council also advised smaller churches to be economically self reliant for their own survival. 22-In 1940 Germany conquered, Netherland, Denmark, Norway and France and the churches in those countries were not able to render help to their

missions abroad. These orphaned missions were helped by the I M C's New-York office.

WITBY 1947

10 In 1947 at witby, Toronto, Canada the third I M C meeting took place. 2-The theme of the meeting was 'Christian witness in a revolutionary world'. 3- The council admitted that the young churches of Asia, Africa, and Latin America have to take the responsibilities to evangelise their countries instead of looking at western churches to do the job for them.

WILLINGEN 1952

11 In 1952 at willingen Germany I M C council met with 190 representatives from 50 countries. 2-The important points they discussed were (a) What church missionary works owe (b) Regional churches (c) The respon-

which are not members of I M C:

8- The future of christianity is based on their remaining as a church- 9- The churches should have creative approaches to their cultures. 10- The permanent growth of the church is depended on the trained priests. 11- The regional churches should have sufficient knowledge of their membership in ecumenical church- 12- A church cannot exist without proper missionary works. 13- The Call of the mission is a Call to the church. 14- The members of the church should remember that where ever the man is he is to be a christian witness to serve God- 15- The missionary works should reach to the end of the world 16- This is the main responsibility of the whole church- 17- The whole church should witness together to live as one. 18- Foreign mis-

sions means its mission outside the boundary of the mother country.

19-when doors are closed to churches, God will open new doors to it.

20- The church can do its missionary work through councils as well as its members working in specialised fields such as Industry, Education, politics, Agriculture and social fields etc. 21- The foreign missionary should identify himself with his surrounding people their life, problems, taste peculiarities etc. 22 Only then they should start their missionary work. 23- The church should raise their voice against communism and athiesm

24- They should raise their prophetic voice against inequality in social, political, economical and racial fields. 25. The Willingen council opened our eyes to the naked fact that there cannot be mis-

sion without union.  
26- That is why they  
agreed to the motto "Mis-  
sion is Unity." 27- The  
begining of the mission is  
with trinity. 28- The  
church approaches the  
world only that much it  
went close to the trinity.

In spite of all these conflicts we are one. It is through Jesus that God Compromises

man with God and between man and man. 6-The responsibility of revealing Jesus to the world is given to the church. 7-The church is divided, it is not capable of solving the problems in the life of man. 8-It is incapable of seeing the work of God in history. 9-It stands with vested interests in society and governments. 10-It encourages the western Capitalist domination through mission works.

(c) W C C is not doing any covenant

of the union between the churches. Such kind of contracts can only be done by the concerned churches. But it can bring churches into close contact, and it encourages the after effects, studies and discussions of the church union (d) W C C did not define the doctrines of the churches (e) A church is not required to accept any particular doctrine of any church to become a member of the W C C. Their individual doctrines are not relative.

37-In 1950 Central Committee meeting accepted 8 more points. (a) The member churches believe that it is under the common faith that Christ is the head of the churches. They do work together in conversations Co-operation. Common aims etc. (b) W C C member churches believe Jesus as one according to New Testaments. (c) the

membership in the church of Christ is much broader than the membership in local church councils, so local churches are more desirous of close contact with WCC officials than with their own leaders. (d) The relation of other churches with universal church is a subject to be discussed by member churches, did not mean that each church should accept other churches as perfect (e) The member churches accept the elements in other churches. (f) The member churches together desires to learn what Lord Jesus in his name has given to them to witness to the world-(g) The member churches should accept the common principals among them, and to help each other when the needs come, and to keep away from non-brotherly and hostile activities. can see union in preaching the Gospel, Baptism Eucharist etc. 45- That meeting also studied. EVANSTON-1954

18 In 1954 at Evanston, Illinois U. S. A., 502 representatives from 132 Churches and altogether 2400 members participated in the second WCC meeting. 2-Christ the hope of the world was the main subject, divided into 6 sub divisions each under separate President, Vice president and Secretary. 3-The sub divisions were (a) our unity in Christ and our division as churches (b) The mission of the church to those outside the church life. (c) A responsible Society with world vision (d) Christians fighting for a world community (e) A church amidst racial tensions (f) Christian laymen in their call of God (4) The Council reported eight Subjects as important. (a) We intend to be one

as the holy Ghost lead us. We should learn the biblical diversity behind the ecumenical truth and to practice it in our relation with neighbour churches (b) we should hear together God speaking to us through the words of the Bible even in our division and to learn the diversity in our prayer books, preachings teachings etc. of our Christian traditions (c) with open heart we should analyse the diverse social and cultural backgrounds which influences our faith and priesthood and how the present state of history forces us to rethink the cause behind our divisions (d) We should talk truth in mutual love and to use it with those who are not agreeing with us (e) We should learn anew the sign of one baptism, and to share our one Eucharist with others (f) We should approve each and every

priesthood, who speak the compromising gospel as the way of Christ doing his salvific works. (g) We should witness together the gospel of Jesus who conquered our sins and divisions who make use of sinners as his servants. Our different witnesses are defective and fun to gentiles. The prayer of Jesus (John 17:21) should become ours in our daily life. (h) The measurement of our interest for union is the state of our prayer. If we are not preparing our self to receive the blessings of God. He won't give us union. 5- The Council called on the Churches to observe the prayer week (Jan. 18-25) for union, or any other date suitable as the regional churches deem best 6-This should be our common prayer aim 7-Orthodox church representatives opposed taking instances from church

life and experience as the only principles to decide all churches.

8-They also opposed the principles that Holy Ghost speaks only through the words of the Holy Bible, and not from any other source. 9-They also wanted the council to accept the decisions made by the ecumenical councils of the undivided churches of the first few centuries A. D. 10-This was opposed by many.

11-Church mission should be able to convert the society into the complete obedience to the church, so that they will be partakers of everlasting life. 12-We should await for Jesus Christ in our prayer and meditation 13-The church should free itself from isolation and introversion to face the world squarely in the face. 14-The preaching of the word should be closely related to the audience

life and should be problems solving. 15-We also like our Lord Jesus taking a human life with all its diversities, a life of fear, need, troubles and the expectation of man, is to be one with Christ. 16-Then only others will take the preachers seriously as one among them. 17-For mass evangelisation church should gather strength through enriching its life in the Holy Bible. 18-New mass medias should be used for evangelism ex: sunday school, confrances, News papers, Radio, Television etc. 19-The laymen should be trained to play an important part. 20-Students of priesthood should be given good training. 21-New techniques and approaches should be discovered to outsmart the new techniques developed by other religions.

22-Family is very important, when social cha-

nges are concerned. 23-The Congregation should be the basis of society, state, its structure, duty etc. were also analysed well. 24-We are called to seek justice, freedom, peace, according to our ability and opportunity in the society. 25-Peace is the first part of christian values. 26-To accomplish peace Jesus should come and live in the heart of all men. 27-Man should pray for peace, to confess the faults against peace. 28-Man should work sincerely for love, fellowship and Co-operation in keeping good relation between men, societies and nations etc. 29-Man should work for good relation between God and man, between individuals and Nations. 30- Even the WCC is only a principal instrument in the hand of God to bring about lasting peace on this earth. 31-The church

should encourage every Governments to pass adequate laws and regulations to keep permanent peace. 32-The good relation between society is kept by social justice, removing discrimination of all sorts and by ensuring freedom in all spheres of life.

33-Christians should oppose exploitation of man or society on any principles. 34-Christians should do everything possible through preaching, printing word, and other medias etc, against discrimination in all forms. 35-Laymen are as equal as to priests with respect to church. 36-It is laymen who links the gulf between church and the world. 37-It is laymen who brings works and worship together. 38-It is laymen who express the lordship of God both in word and work. 39-This is the laymens ministry

because they belong to the church. 39-Church needs those laymen who are educated and will spent most of their time and talents for the church activities. 40-It is they who are interested in the commentary of the gospel and in service and work. 41-Christian church is intended to replace the old with the new, through the salvific deed. 43-Every christian is destined to participate in this new creation of God. 42-He have to witness Jesus through his words and deeds where ever he works and lives. 44-This is the meaning of the call of the lay Christian in wordly life. 45-Each and every minute events are happening all around the world giving opportunities to all laymen and priests to participate in this Creation of New Heaven and New Earth.

46 - Therefore churches should give all sorts of

help to laymen to play their role ever better in this new creation, which serve the church best. 47-It is only in the cross that this devided world with diversified humans can find unity. 48-Christians inspite of the peace they are enjoying, should work for the justice of others. 49-At Evanston 3 members were selected as honarary Presidents and 6 members as presidents. 50-They also selected 13 new members from the Young churches to the Central Committee. 51-Methodist Bishop Sante Barbirie of Argentina was elected as the chairman of the central committee. 52-This Council also set up a department for the study of missionary work with I. 5- Church is having limited knowledge of the wisdom, love and power given to other religious people and non believers from God. 6- Changes due to the long conflict between Christian churches and other religions are not well known to christian churches. 7- Christians should dialogue with non christians keeping in mind the fact that christians encounters non christians through Christ as well as through themselves. 8- The preachers should be tested by the gospel they are preaching. 9- The meeting analysed the part played by mass medias such as Radio, Television, Press, Dialogue etc. in the Missionary works.

10- The existence of the church is a must for a prosperous life of the world, when realised by the society including men and women. 11- Then only the Church will do mission

works more sincerely and effectively. 12- Christian witness should be connected with the societies need the countries desires and the human rights. 13- The priests and lay men should work hand in hand to fulfil the evangelisation of the world. 14- The laymen should be given proper place in worships and rituals. 15- But this was opposed by the orthodox Churches because the resolution gave more importance to laity than to priesthood in the worship of God in the Churches. 16- By serving Lord and man, we are rejecting the path of violence, and accepting the Christ's salvific role. 17- In local congregations, local leadership should be encouraged for worship and service. 18- The church should prepare more opportunities based on justice and equal opportunities. 19- Laities are very important to church

as priest are. 20- Laity should help theologians in learning the dilemmas of man and woman. 21- In return the theologians should help the laity to see his mistakes in the light of Christian faiths. 22- The Council also decided that the unity of the churches is based on (a) baptism in the name of Jesus Christ. (b) to confess Jesus Christ as Lord and God (c) to keep Apostolic creed (d) to speak one gospel (e) to share one bread or eucharist (f) to participate in one prayer (g) to work unitedly (h) to share in the one common life. (i) We believe that through christian witness and fellowship all people come united in one perfect vowful Communion. 23- The Unity and oneness of the church is done by the work of Holy Ghost which brings all into perfect union. 24- Christ is the only way to Father.

25-The best service one can do is to witness Christ to others. 26-God is continuously speaking to us through various mediums ex. rituals, worship etc. 27-Church should work hard for peace, freedom and justice to solve contemporary problems. 28-Secular agencies can be used to serve the society and the world. 29-23. ### 23 ROMAN CATHOLIC CHURCH

Keeping its lead as the state church of Rome, made splendid missionary works of its own to dominate all other Christian denominations put toge-

ther. 2. As the official Religion of the Roman Empire its dictatorial moves were opposed by Eastern churches in the first Millennium and by Protestant churches in the second Millennium.

3-Roman Catholics developed a separate theology based on the teachings of St. Augustine of Hippo (A.D. 354-430)-4. Without Consulting with eastern churches Roman Church added Filioque Clause to Son in addition to Father God.

5-They even established a Holy Roman Empire in A. D. 800 without consulting Eastern churches- 6. The use of unleavened bread in Eucharist by the Roman church was against tradition. 7-Thus the Great Schism occurred between East and West in A. D. 1054.

8-To remedy these differences with Eastern churches and differences

with protestant churches Roman Catholic church conducted many councils 9-Florence council met in 1439-42. A.P.V.C. was organized at London in 1857 for union of orthodox, Anglican and Roman Catholic churches.

10-Though this Council made many inroads for union, the declaration of Ad Omnes Episcopos Angliac in 1864 and "No salvation and union outside Roman Catholic Church" policy of Pope Pius Xth hurled the union movement back to its former positions. 11-Pope Leo XIIIth through his Orientalium Dignitas 1891, praeclarae Gratulationis Ad Anglos 1895, Novena 1897 etc. shows Roman Church's desire for Christian union.

12-Pope Pius X 1903 accepted Unity Octave (Jan. 18-25 The eight day union prayer) of January. 13-This was

a courageous move for Christian unity. 14-Pope Benedict XV 1914 helped to found congregation for the Oriental churches, pontifical Institute of Oriental studies etc.

15-But Roman Catholic church refused to part take in the various councils meetings of world council of churches inspite of their repeated invitations. 16-Pope Pius XI 1922-39 in his Mortalium Animos expressed the desire for christian union- and established the study of Eastern church's theology in Roman Seminaries and helped to found Benedictine Ashram at Amay in Belgium for christian union. 17-Pope pius XII in 1950 declared that St. Mary mother of Jesus Ascended to Heaven with her body. 18-Abbe Paul Ireeni Koltoorier's the Movement of Prayer. Fr. Max Metsgar's Una Sanota, for dialogue bet-

ween Roman Catholics and other christian centres. Fr. Gastov Veygol's christian union efforts in U S A. Fr. George Jaward's efforts through church history and theology-Bishop Willy Brands works in Holland etc helped a lot for union move. 19-Fr. Eavs Conkars books on Church Union-Kanan G. Thils, Mauris Williaim, Cardinal Biya, Hansking, Edward Duff, John Cortene Mure etc have written letters and books to help pave the way for Roman Catholic church to take constructive steps for the church union.

20-Thus in 1952 Roman church send official observeres to the council of faith and order at Lund. 21-They were selected by Roman Catholic Archbishop of Stockholm with the permission of Pope. 22-But in 1954 for the second council of

WCC at Evanston R C C did not send any official observers to attend that council. 23-Pope John XXIII in 1958, expressed his desire for christian union. 24-His first Boola Ad Petri Cathedram was for the growth of Ecumenical faith, healthy morale to up to date church discipline, and a call to seek and attain ecumenical union of all christian churches. 25 - In 1960 Pope declared another Boola Superno Dei Natu and formed a secretariate for ecumenical aims. 26-A Central preparatory commission (secretariate for promoting christian unity). Ten more seperate councils to deal with different subjects Press, Cinema and Radio etc. 27-He also helped to set up three secretariate for financial and administrative purposes and mass medias were used as christian publicity instr-

uments, and for the unity of christians. 28-In 1960 The head of the Anglican church Cantenbury Archbishop Dr. Geoffery Francis Fisher met Pope John XXIII at Rome. -29 In 1961, North American Episcopal church's Presiding Bishop Dr. A. Lichenburg and in the same year President of U. S. National Baptist Conventions Dr. J. H. Jackson etc met Pope at Rome to discuss the differences seperating each other and ways to remedy them. 30-As a result of these talks 5 Roman Catholic observers attended the 1961 WCC council at New Delhi.

31-In 1961 Second Vatican council started with 2540 Bishops, and 49 observers from 17 churches. 32-But in 1963 Pope John XXIII died before the end of the Second Vatican council. 33-Pope John Paul VI,

the next Pope allowed 13 Roman laymen auditors to attend Vatican council meeting for the first time in history. 34 - In 1964 Pope John Paul met Ecumenical Patriarch of Constantinople, the 262nd in line with St. Andrew Apostle's throne, an event occured after 15 Centuries 35- Pope John was the first Pope to visit Jerusalem in history. 36-In 1964 Pope Instituted a secretariate to deal with non-christian relegions. 37-In the third cession of II Vatican council in 1964 a total of 2800 Bishops and 76 observers from 23 churches took part. 38-In this council, church, Holiness of the church the presence of the Holy Ghost Apostleship, Pope's infallibility supremacy of the Apostles and their successors etc were discussed.

39-Pope quoted Acts 4:32 in his address, appealed to work for total

unity with one soul and mind. 40-The council passed a pastoral letter 'De Oecumenismo', common Dialogue, action, worship the restoration of unity etc with and overwhelming vote. 41-In 1967 Vatican published an Ecumenical dirrectory. 42-Roman Catholic church started to treat other christian churches as seperated brotheren instead of heretics as they used to call previously. 43-All together 16 doctrinal documents were passed in II Vatican council four constitutions concerning church administration, Holy church, Revelations rituals, church in the modern world-9 decrees, Bishops and their Dioceses administration, Ecumenism, eastern christian churches, priests seminaries Asceticelife, Missionary works, laities, mass medias, doctrinal renewal, worldly problems

such as poverty, war, peace, wealth etc and their solutions renaissance in church constitution and administrations religious freedom. Non christian religions, christian education etc. 44-But it is quite strange that II Vatican council did not mention world council of churches and their presence in the world. 45-But they invited non catholic christian observers to their prayers at St. Pauls Basilica and also they were allowed to participate individually and also with Roman Catholics. 46 Popes infallibility is applicable to all bishops in collegiality. 47-But II Vatican didnot change Roman Catholic church's pyramidal structure, and they claimed they are the only true church of God. 48-But they agreed to share church buildings with other non-christians, to participate in Bible

study with others, and to publish books jointly with others. 49-In 1969 Poph Paul VI during his visit to Geneva, to attend International Labour office, also visited world council of churches head quarters at Geneva 50-In 1965 Vatican establisoeed a secretariate for other faithless people Communist and Atheist. 51-Pope John Paul Ist died suddenly after a short period of reign (30 days) 52 His successor John Paul II became the first Polish Pope and second non Italian Pope to reign on the See of St. Peter Apostle. 5 In 1981 a muslim fanatic shot three times wounding Pope on three different parts, sereously wounding him.

**24** The Common Declaration of Pope Paul VI and Patriarch Athenagoras I

Paul VI and Athenagoras I-7 Dec. 1965

1- Full of gratilude to God for the favour which is mercifully granted them in their brotherly meeting in those holy places where the mystery of our salvation was accomplished by the death and resurrection of the Lord Jesus and where the church was born by the out pouring of the Holy spirit. 2-Pope Paul VI and patriarch Athenagoras I have not lost sight of the intention which they held from then onwards, each for his part never to omit in the future any of those gestures inspired by charity which might contribute towards the fraternal relations thus initiated between the Roman Catholic church and the Orthodox church of Constantinople. 3-They believe that they are thus responding to the call of devine grace which today requires that the Roman Catholic church and the orthodox church as well

as all christians, overcome their differences, so as to be once again "one" as the Lord Jesus asked of his Father for them. 4-Among the obstacles to be found in the way of the development of these brotherly relationships of trust and esteem 5-There is the memory of these painful decisions, acts and incidents which led in 1054 to the sentence of excommunication delivered against Patriarch Michael Cerularius and two other persons by the legates of the Roman see led by Cardinal Humbert legater who were themselves in turn objects of a similar sentence on the side of the Patriarch and the synod of Constantinople.

6-One cannot pretend that these events were not what they were in that particularly troubled period of history. 7-But now that today a more

calm and equitable judgment has been brought to bear on them. 8-It is important to recognize the excesses with which they were tainted and which later lead to consequences which as far as we can judge went much further than their authors had intended or expected. 9-Their censures were aimed at the persons concerned and not the churches they were not meant to break ecclesiastical communion between the sees of Rome and constantinople.

10-This is why Pope Paul VI and Patriarch Athenagoras I with his synod certain that they are expressing the Common desire for justice and the unanimous sentiment of charity on the part of their faithful and remembering the command of the Lord 'If you are offering your gift at the altar, and there remember

that your brother has something against you, leave your gift before the altar and go first to be reconciled to your brother" (Mt 5:23-24) declare with one accord that: (a) They regret the offensive words, the reproaches without foundations and the reprehensible gestures which on both sides marked or accompanied the sad events of that period. (b) They also regret and wish to erase from the memory and midst of the church the sentences of excommunication which followed them, and whose memory has acted as an obstacle to a approach in charity down to our own day and to consign them to oblivion: (c) Finally they deplore the troublesome precedents and the later events which under the influence of various factors among them lack of understand-

ning and mutual hostility eventually led to the effective rupture of ecclesiastical communion. 12-This reciprocal act of justice and forgiveness as Pope Paul VI and Patriarch Athenagoras I with his synod are aware cannot suffice to put an end to the differences ancient or more recent which remain between the Roman Catholic church and the Orthodox church and which by the action of the Holy Spirit, will be overcome, thanks to the purification of hearts regret for historical errors and on effective determination to arrive at a common understanding and expression of the Apostolic faith and its demands.

13-In accomplishing this act, however they hope that it will be pleasing to God, who is prompt to pardon us when we forgive one another,

and recognized by the whole christian world, but especially by the Roman Catholic church and the orthodox church together as the expression of a sincere mutual desire for reconciliation and as an invitation to pursue in a spirit of mutual trust esteem and charity, the dialogue which will lead them with the help of God to live once again for the greater good of souls and the coming of the kingdom of God in the full communion of faith or brotherly concord and of a sacramental life which existed between them throughout the first millinium of the life of the church.

## 25 THE JOINT DECLARATION OF CO-OPERATION

Paul VI and Archbishop Michael Ramsey

22 March 1966.

In the city of Rome, from which st. Augustine

was sent by St. Gregory to England and there founded the Cathedral see of Cantenbury, towards which the eyes of all Anglicans now turn as the centre of their christian communion. 2-His Holiness Pope Paul VI and His Grace Michael Ramsey, Archbishop of Cantenbury, representing the Anglican communion have met to exchange paternal greetings. 3-At the conclusion of their meeting they give thanks to Almighty God who by the action of his spirit has in these later years created a new atmosphere of christian fellowship between the Roman Catholic church and the churches of the Anglican Communion.

4-This encounter of 23rd march 1966 marks a new stage in the development of fraternal relations, based upon christian charity and sincere efforts to

remove the causes of conflict and reestablish unity.

5-In willing obedience to the command of Christ who bade his disciples love one another, they declare that with his help, they wish to leave in the hands of the God of mercy all that in the past has been opposed to this precept of charity and that they make their own the mind of the Apostle which he expresses in these words "Forgetting those things which are behind and reaching forth unto those things which are before I press towards the mark for the prize of high calling of God in Christ Jesus" (phil 3:13-14).

6-They affirm their desire that all those christians who belong to these two Communions may be animated by these same sentiments of respect

and fraternal love and in order to help these develop to the full, they intend to inaugurate between the Roman Catholic church and the whole Anglican Communion a serious dialogue which founded on the gospels and on the ancient Common traditions may lead to unity in truth for which Christ prayed.

7-The dialogue should include not only theological matters such as scripture tradition and liturgy but also matters of practical difficulty felt on either side 8-His Holiness the Pope and His Grace the Archbishop of Cantenbury are indeed aware that serious obstacles stand in the way of a restoration of Complete Communion of faith and sacramental life nevertheless they are of one mind in their determination to promote responsible contacts between

their communions in all those spheres of church life where collaboration is likely to lead to greater understanding and a deeper charity and to strive in common to find solutions for all the great problems that face the church in the world of today.

9-Through such collaboration, by the grace of God the Father and in the light of the Holy Spirit may the prayer of our Lord Jesus Christ for unity among his disciples be brought nearer to fulfilment and with progress towards unity may there be a strengthening of peace in the world. 10-The peace that only he can grant who gives "the peace that passeth all understanding" together with the blessings of Almighty God Father Son and Holy Spirit that it may abide with all men for ever.

Out of the 4123957000 people of the world about  
35% do not profess a religious faith.

It is the duty of man to convert atheist in to  
God fearing people, otherwise the world will turn  
into Hell. The law abiding, disciplined orderly  
life is heavenly. The nature exist so because it  
obeys the natural laws. Sun, stars and Moon etc  
moves on an orderly direction, speed etc: Even  
the different elements, compounds energy etc are  
obeying the law. Everything in this world is born  
lives and dies according to a law. This law is not  
accidental, It is masterminded by God, the Omni-  
cient, Omnipotent, Omnipresent. Bible gives God  
many a name as the knowledge of man increased  
about the law of God. The name of God also  
changed. El, Elohi, Elyom, Yehweh, Jesus Christ,  
Holy Ghost, Father God, Mother God, Son God,  
Daughter God, USTARWES etc are a few among  
them.

The different relegions of the world, though  
look different, and seem worshipping different  
Gods. They all worship the creator, sustainer and  
destroyer of this Universe. They all try to learn  
the secrets of this God, and to please Him they

praise Him. Offer him sacrifices. propogate the latest revelations of God's secret to the world—Agriculture, Bussiness, Industry, technology, Education, administration, Politices, culture, Social Science, relegions, services etc are all means to know God—obey God thus to safe guard mans life to peace, prosperity, love, justice, truth and progress.

Each relegion claim themselves to be perfect far better than the other—sometimes they may have some salient features over the other in certain fields, while each other will excell the rest in a different field.

Holy Bible Part II (USTARWES) as it represent all relegions of the world with all their salient features in one God "we are that God we are." is the only one true God of this Universe. As John 1:1 explains Jesus Christ is Logos, the word of God the word of All relegions, the Universe, God Himself.

Amen.
